Working Experience

Codemotion

Kiev, Remote

Senior UX/UI Designer

2022 – present

I've redesigned webshops before, focusing on brand-oriented, user-friendly designs that enhance customer experiences. Please review the latest projects I worked on:

Business Development Group

Armenia, Online/Offline

UX/UI Trainer

2021 – 2024

I work as a UX/UI trainer at BDG Armenian Teaching School, where I've taught over 100 students using a two-month plan I developed. Many of my students have successfully started careers in UX/UI, and I enjoy this as a hobby, sharing knowledge and learning from them. Short Course Demo:

- [Short Design Program](#)

SoftConstruct

Armenia, Offline

Senior UX/UI Designer

2021 – 2022

Panda aimed to redesign an event app in 90 days, focusing on improving user experience and promoting event registrations. Key contributions included user research, UX strategy, wireframes, and prototypes with micro-interactions for Android and iOS.

Digitain LLC

Armenia, Offline

UX/UI Designer

2017 – 2021

In 2017, I joined Digitain, Armenia's second-largest gambling company, as a UI/UX Designer and UX researcher. Over 4 years, I gained experience in gambling and sports, conducted usability testing, and designed apps for casino and sports fields.

Alvarium LLC

Armenia, Remote

Graphic Designer

2016 – 2017

I worked as a Graphic Designer at Alvarium Consulting LLC for over two years, focusing on creating visual assets and branding materials to support the company's consulting projects. My work contributed to enhancing the company's visual identity and client communication.
